

## **TRANSPORTATION OF FIREARMS IN SOUTH AFRICA**

Some members have heard rumours that SAA are no longer transporting firearms.

This is not the case. They have merely designated certain airports within South Africa to handle firearms.

FOR PASSENGERS IN TRANSIT TO ZIMBABWE there should be no problem if you come via Johannesburg or Capetown or one of the International airports listed.

The Press Release reads: "These changes only affect destinations in South Africa that are served by Airlink. **The changes do not affect our Regional flights to/from neighbouring countries. These continue normally provided they leave from/arrive at one of the International Airports listed below:**

**From 1 November 2007 rifles and shotguns only, will be transported** to and from the following destinations only:

OR Tambo International, Johannesburg  
Cape Town  
Durban  
Port Elizabeth  
East London  
Bloemfontein  
Polokwane  
Phalaborwa  
Kruger Mpumalanga International Airport, Nelspruit  
Upington  
Kimberly

Yours sincerely
