2023 AUCTION CATALOG

Ultimate Sportman's Duffel

Since 1901, Boyt Harness Company has crafted high quality accessories and bags preferred by generations. The Ultimate

Sportsman's Duffel bag is constructed of a heavy-duty canvas and is available in 3 different sizes. Includes web handle and shoulder strap, roomy pockets on each end and 3 zippered exterior pockets to store more range or hunting gear.

Hard-Sided Travel Cases

Building upon a 100 year tradition of providing the ultimate protection for fine firearms, Boyt's Hard-Sided Travel Cases are built using a custom formulated resin that holds up to the toughest world wide hunting and travel conditions. An industry first all steel draw latch keeps the cases closed and tight while high density, easy to customize foam accommodates a variety of firearm shapes, styles, and sizes. These cases are made in the U.S.A. and are backed by Boyt Harness Company's famous lifetime warranty.

"The Pica Zuro" Mesh Back Shirt

The Pica Zuro shirt is named after Pica Zuro Lodge, a wing shooter's paradise in the heart of Argentina's Cordoba region.

In honor of the region's famous dove shooting, we have created the perfect shirt for warm weather hunting. Constructed of a light weight synthetic fabric that wicks away moisture for quick dry performance, the Pica Zuro shirt has a vented back that let's you keep your cool when the shooting gets hot. Available in long sleeve or short sleeve in new rich, earth tone colors. The perfect companion for wherever the weather is warm, from Argentina to Alabama to Africa.

Start your hunting season off right with quality products that truly show you live for the hunt.

PURPOSE OF THE AUCTIONS

Dallas Safari Club (DSC) is dedicated to worldwide conservation of wildlife and wild places, promotion of sport hunting and fishing, and promotion of outdoor education. The Dallas Safari Club Convention is an opportunity for sportsmen and sportswomen to come together, renew old friendships and form new ones. DSC works very hard to attract outstanding hunting and fishing packages from reputable outfitters who have graciously donated to the organization's efforts and mission. DSC encourages you to place your bids with confidence and in the spirit of providing the funds necessary to further the organization's objectives, while obtaining goods and services for your enjoyment.

Top Spender Award
for 2023

Introducing
THE 'KUBWA KIBOKO' (BIG HIPPO)

Since 2009, Convention bidders have been rewarded with a special pin each time they spent \$10,000 during live auction. These exclusive, specially named pins were only given out during Convention and were not available for purchase. Traditionally, the overall Top Spender is recognized at the close of the Saturday night live auction and awarded a very special prize. We are proud to continue this great tradition by presenting the 'KUBWA KIBOKO' Top Spender Award for the 2023 Convention & Sporting Expo. WEATHERBY, INC, TEXAS RANCH SALES, LLC AND HORNADY MFG joins DSC in honoring the overall 'KUBWA KIBOKO' winner by generously donating an incredible hunt package, all detailed below.

WEATHERBY MARK V BACKCOUNTRY 2.0 TI RIFLE IN 6.5 CREEDMOOR, 2-DAY AXIS OR WHITETAIL DEER HUNT IN TEXAS AND HORNADY RAPID SAFE AR GUNLOCKER

WEATHERBY, INC. is pleased to present the Mark V Backcountry 2.0 Ti Rifle in 6.5 Creedmoor, the next generation of the ground-breaking Backcountry family. The Backcountry 2.0 Ti rifle in 6.5 Creedmoor is built around the supremely lightweight and strong titanium Weatherby® Mark V® action - with some key updates. The most noticeable upgrade is the new carbon fiber Peak 44™ Blacktooth™ stock, the lightest versions of which tip the scales at under 20 ounces. Also grabbing the eye is the second generation 3DHEX® recoil pad, the first production 3D printed pad the firearms world has seen. More pronounced spiral fluting on the bolt body not only trims a little weight, it also reduces bearing surface within the action and results in even smoother function. With 30 symmetrically-spaced ports that help harness the recoil, it tames even magnum chamberings and makes them pleasant to shoot. The Backcountry 2.0 Ti's action is left as raw titanium to show off the precise machining while the barrel and bolt are sealed under a black ceramic Cerakote® shell. To compliment the barreled action, the stock is finished in bare carbon fiber with a white and grey pattern breaking up its lines. Starting at just 4.7 lbs and 4.9 lbs in magnum chamberings, this is the lightest in the Backcountry 2.0 family. **TEXAS RANCH SALES, LLC** joins the package by including a fantastic 2-day 1x1 trophy axis or whitetail deer hunt for one hunter at the Ford Ranch in Addielou, Red River County, Texas - includes trophy fee for hunter's choice of 1x best available species. Method of take is hunter's choice. This estate hunt is available in 2023 only. Transportation during the hunt is mostly by vehicle and foot. This package includes field prep, accommodations and meals. Not included are dip & pack service, transportation to shipper, transportation to ranch and gratuities. Hunter will arrive on Friday at noon and check out on Sunday at noon. Arrival/departure point is at the ranch. **HORNADY MFG** completes this package by donating Hornady RAPiD® Safe AR Gunlocker™ XL. The Hornady RFID AR Gunlocker stows neatly under a bed, in a closet or the back of an SUV, providing total security with its fully enclosed design. Secures up to three tactical length rifles or shotguns and access them quickly and efficiently thanks to RFID technology. Weighs 62 pounds. **DALLAS SAFARI CLUB THANKS WEATHERBY, INC, TEXAS RANCH SALES, LLC AND HORNADY MFG FOR THIS 100% DONATION. Valued at \$10,065**

**WEDSIL-708 SILENCER CENTRAL*****Silencer Central Multi-Caliber Banish 30 Rifle Silencer and Multi-Caliber Banish 45 Pistol Silencer***

Silencer Central multi-caliber Banish 30 rifle and Banish 45 HD pistol silencers are constructed from strong titanium for unmatched durability at an extremely light weight. The Banish 30 rifle silencer is the most versatile suppressor in the Banish line and works with rifles from .22 to 30 caliber magnums. The Banish 30 was designed for unmatched sound suppression with tests showing it to reduce a .308 rifle by a whopping 34+ decibels! The Banish 30 comes as a 9-inch suppressor holding eight Stifle™ baffles, yet for tighter shooting platforms or blinds, can easily break down and be assembled into a 7-inch configuration. The Banish 45 HD pistol silencer was specifically designed to fit handguns calibers from .45 ACP to rimfire. Testing shows the Banish 45 able to suppress

a 9mm pistol by an amazing 36 decibels, far more sound reduction than the competition. The Banish 45 is the lightest in its class at a mere 11 ounces. Ideal for 3-gun or target shooting, the Banish 45 will help protect the hearing of the shooter and others in a shooting competition and reduce recoil for quicker second shot target acquisition. Package includes silencer covers, NFA gun trust documentation and NFA tax stamps. Fingerprints, passport photo and paperwork will all be managed during the 2023 Convention. **DALLAS SAFARI CLUB THANKS SILENCER CENTRAL FOR THIS 100% DONATION.** Kelsey Hanson, 888-781-8778 Ext. 80, 605-370-4517, 7511 S Louise Ave., Ste 101, Sioux Falls, SD 57108, kelsey.hanson@silencercentral.com, SilencerCentral.Com.

THU-9 LOCHOW RANCH POND & LAKE MANAGEMENT **4,000 Pure Florida Strain Largemouth Bass Fingerlings**

4,000 pure Florida strain largemouth bass fingerling. Largemouth bass are the most sought after recreational sport fish in the southeastern United States and often the focal species in private lake management. There are many aspects of a fishery that help promote the development of trophy bass: water quality, habitat, abundance/diversity of forage fish and bass genetics. Not all these factors are controllable, so focusing efforts on what can be manipulated (such as bass genetics) will provide the best opportunity for your fishery to be elite. In Texas, both northern and Florida strain largemouth bass are found in private lakes with hybrid of the two being the norm. As a rule, Florida bass will grow more quickly and will attain a much larger maximum size than their native counterparts. With proper management and input, 100% pure Florida strain largemouth bass are expected to grow up to four pounds in one year and reach ten pounds in as little as three years from the date of stocking. Available in Texas only late spring 2023. **DALLAS SAFARI CLUB THANKS LOCHOW RANCH POND & LAKE MANAGEMENT FOR THIS 100% DONATION.**

THU-28 SANNETTE BOSHOFF ART

"Dida" - Bronze Artwork by South African Artist Sanette Boshoff

"Dida" - Bronze artwork by South African wildlife artist Sannette Boshoff, measures 25"Hx20"Dx20"W. This exceptional #1/1 bronze weighs 38 lbs. and rests on an indigenous Mopani wood base. Through the years, hunters and conservationists alike have been attracted to elephants carrying big ivory that touch the ground. Ironically, few people seem to take notice or even realize there are elephant cows carrying tusks that reach the ground. DIDA, from Tsavo, is the world's biggest living elephant cow tusker and probably one of the most magnificent elephant cows that ever lived! To say that the artist is passionate about DIDA is an understatement. In her own words: "DIDA is more than a Big Tusker. As a female of her species, she represents the source of life. And as a female Big Tusker, she represents wisdom, tenacity, love, understanding and survival!"

Valued at \$10,000**LL-15 CALL OF AFRICA, INC.*****"Greater One" - Original Leadwood Kudu Sculpture by Zimbabwean Artist Bekezela Gonde***

"Greater One" - Highly detailed original leadwood kudu sculpture by accomplished Zimbabwean artist Bekezela Gonde, measures 25"x25"x13". Leadwood is aptly named because of its extreme density, so much so that it was used by Africans as their cutting medium before metal was discovered. Like his father before him, who was also a Master Carver, Gonde only chooses the wood of fallen leadwood trees that lay in the bushveld in a somewhat petrified state. This way the wood has taken a natural curing process which diminishes the chances of too much movement during the sculpting process. The artist starts the process using a chainsaw, then works with a hammer & steel chisels and finishes the fine details with a dremel tool, making each sculpture a true one-of-a-kind work of art. **DALLAS SAFARI CLUB THANKS CALL OF**

LLSIL-805 SCHNEE'S

Schnee's Women's Timberline Boot and Beartooth 200-Gram Boot

Gone are the days of being forced to buy a man's boot and hoping it fits. The women's Timberline and Beartooth 200-Gram boots feature the same performance as Schnee's men's line, but have been built from the ground up to fit a women's foot. The Timberline is built to dominate light & fast adventures in the early season. From desert coues deer to backcountry bulls, the Timberline will handle whatever you throw at it. The Beartooth 200-Gram boot is possibly the most versatile boot in mountain hunting and the optimal choice for hunters seeking maximum versatility. Our Flex-2 classic renders the boot rigid enough for treks above the tree line, yet flexible enough to be comfortable on more mild jaunts. The insulated Beartooth 200g provides peak performance in the mid-to-late season, no matter the terrain you encounter.

From the heights of sheep hunting to upland bird adventures, this boot will take you there. Handcrafted in Italy and both available in ladies sizes 6-11.

**LLSIL-808 STORMBERG ELANGENI SAFARIS*****14-Day Apprentice Program for One Youth in South Africa***

Living in an ever-changing modern world of technology, SES realizes the necessity to educate our youth in hunting and conservation to ensure our future heritage. For this reason, SES is pleased to donate this 14-day Apprenticeship Program for one youth aged 15 to 24 years old to join our camp in South Africa during the 2023 safari season. Additional companions are welcome at current rates. This program includes field prep, transportation to shipper, round-trip transportation from East London Airport and the concession, lodge accommodations, all meals and the appropriate hunting gear. This program is an ideal opportunity for a youth to be exposed to South African family ranch life and be educated in conservation methods, tracking & skinning techniques, animal identification, trophy judging and assist with the everyday running of a safari camp and ranch. In addition, there will be an opportunity to assist in the culling of animals and to hunt their own trophy animals (at cost per current price list). By investing in our youth, we secure our future. This donation

will apply only to the specific package purchased through the 2023 Dallas Safari Club Convention and Stormberg Elangeni Safaris. **LLSIL-816 PAT PAULEY WILDLIFE ART**

"Summer Bouquet - Chickadees in Yellow" - Beautiful 1/1 Artist Proof Giclee by Renowned Wildlife Artist Pat Pauley

"Summer Bouquet - Chickadees in Yellow" - Beautiful 1/1 artist proof giclee by renowned wildlife artist Pat Pauley, measures 23"x18" framed. The yellow flower petals reflect their light onto the soft underbellies of the chickadees. This creates a great deal of harmony in the painting. I came across this beautiful display of roses by the side of the road on my way to an art workshop in Wyoming. I had to pull over and photograph them. My wife tells me that yellow roses are for friendship and so I put the Chickadees in this painting to represent that special bond that friends have and the contentment one feels just enjoying a nice day with a friend. **DALLAS SAFARI CLUB THANKS PAT PAULEY WILDLIFE ART FOR THIS 100% DONATION.** Pat Pauley, 402-312-3031, 16751 Read Road, Honey Creek, IA 51542, pat@patpauleyart.com, PatPauleyArt.Com.

**LLSIL-850 AZYRE GEAR*****Azyre Gear Ladies Believe Hybrid Insulated Hoodie, Achieve Hiking Pants and Inspire Ponytail Cap***

Certificate for Azyre Gear Ladies Believe Hybrid insulated hoodie, Achieve hiking pants and Inspire ponytail cap. The Believe Hybrid hoodie is the perfect combination of coziness, fashion, and technical performance. The super soft high pile fleece feels amazing, yet provides exceptional warmth without weight. Core panels provide lightweight, packable insulation and stretch fleece on the side panels give this jacket an active, flattering fit. The asymmetrical front zip and cinch hood means you can be surrounded by fuzzy fleece when it's cold out. The Achieve hiking pant is the perfect workhorse for all your outdoor adventures. Pant is made of 4-way stretch fabric that is both durable and comfortable and the Durable Water Repellent (DWR) finish repels both stains and moisture. Vision base layer fabric was used on the waistband to provide a super soft and flattering fit for many body types. The adjustable belt lets you cinch down when needed. Generous pockets fit your tag, field notes and GPS. A snap closure at the hem cinches around the top of your boot or you can thread a bungee through the loops and under your boot sole to keep your pants down without the extra hassle of gaiters. The Inspire ponytail cap is a must have accessory. This hat is

made with perfectly placed holes for a higher ponytail or bun to keep your hair off of your neck. Hat is equipped with a standard lower opening for a lower ponytail as well. LLSIL-913 SHERRY STEELE UNLIMITED

"A Whole Lotta Bull" - Original Artwork by Sherry Steele

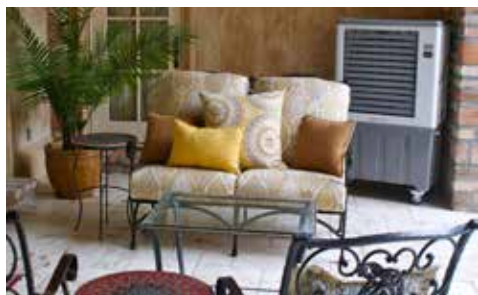

"A Whole Lotta Bull" - Original artwork by Sherry Steele, measures 47"Wx34"H framed.

The title just about sums it up. Muscular bodies glistening with strength, these Longhorn bulls glow with power and dominance. While helping friends select Longhorn calves for their ranch, these formidable bulls made their presence known. As we combed the pastures of H.C. Carter's ranch in Dripping Springs, TX and BEVO's home at John T. Baker's Sunrise Ranch, we gave them a wide berth. Their striking color patterns gave each a distinctive presence and promise for unlimited combinations in their offspring. The culmination of some of the finest bloodlines in the country, these bulls were bent on doing their part in passing the legacy forward. Custom-made for DSC, this oversized canvas will make a powerful statement whether in your game room, office, or stockbroker's boardroom. The artist can even customize the print by adding the winning bidder's personal brand to one of the bulls, if you bring it to her booth following the auction. **DALLAS SAFARI CLUB THANKS SHERRY STEELE**

FRI-11 ORIGINAL WILDLIFE ART BY ILSE

"Craig" - Original Oil Painting by South African Wildlife Artist ILSE de Villiers

"Craig" - Original oil painting by South African wildlife artist ILSE de Villiers, measures 50"x57". The iconic bull elephant, Craig, is one of the last rare relics of a forgotten era. Decades ago these formidable giants roamed east, central and southern Africa. But over the years, their numbers have dwindled so dramatically that those few remaining are now only found in protected areas like Tsavo Trust in Kenya's Amboseli National Park. As an artist, I longed to capture the magnitude and magnificence of one of these super tuskers on canvas and decided on Craig. The unique curve and size of his tusks not only makes him recognizable, but also earmarks him as a super tusker, seeing that each tusk weighs well over 100 lbs. This beautiful painting will be a collectors item, focal point and conversation piece in your home or office.

FRI-23 AMERICAN CUSTOM GUNMAKERS GUILD

The DSC/ACGG 2023 Presidents Rifle - A Fraser Side Lever Falling Block Rifle in .303 British

The American Custom Gunmakers Guild is proud to their latest creation for the 2023 DSC President's Rifle - Fraser Side Lever Falling Block in .303 British. The project began with an authentically recreated Fraser action from Steve Earl Products and an oversized 1-1/2" cut-rifled barrel blank donated by John Krieger of Krieger Barrels. Metalsmith Glenn Fewless CNC machined an extraordinary barrel contour featuring integral quarter-rib, full length rib and front sight base. The quarter-rib was also machined to accept scope mounts if desired. The top of the rib is cleverly machine cut with non-glare matting and lettering, "American Custom Gunmakers Guild 2023". Fewless fit and chambered the barrel to match grade tolerances befitting the quality of the rifle and also manufactured all of the hardware for the rifle including custom folding rear sight, sling mounts, grip cap and checkered steel buttplate. Stockmaker,

Dan Rossiter, designed the European walnut stock to emulate 1870-80's British rifles and added slightly enlarged stock panels on each side and bottom, fore and aft of the action. The project's coordinator, Doug Mann, chose a broken-point style checkering that encircles the top and sides of the grip with one uninterrupted pattern. Chris Rossiter engraved the Fraser with an English Rose and Scroll design. The sides, bottom and guard bow feature rose and scroll and there is a lovely single rose on top of the action. Roger Ferrell finished the metalwork with a French Grey look using the labor-intensive case hardening method. Each of the screws was nitre blued giving a sparkle to the completed rifle project. Ferrell also complete assembled the finished rifle. This collaboration was made possible by each of the craftsmen who donated their talents and Luxus Walnut who donated the stock wood. This one-of-a-kind custom Fraser Falling Block rifle has a 26" barrel, weighs 7lb. 6 oz. and is set up with a 3 lb. trigger pull.

The stock dimensions are very shootable at a 14" length of pull, 2" drop at the comb and 3" drop at the heel. The rifle feels quite lively in the hands and should be a pleasure to carry afield hunting. Rifle was sighted in using the original 215 grain bullet.

Amanda "Zeb" Rutherford, 719-645-0335, 7810 County Road, P, Napoleon, OH 43545, admin@acgg.org.

FRISIL-731 EUROOPTIC LTD

Christensen Arms CA-15 G2 .223 Wylde Rifle

Christensen Arms CA-15 G2 .223 Wylde 16" 1:8" barrel rifle. Christensen Arms' CA-15 G2 series of modern sporting rifles is feature-rich, utilizing CA's trademark carbon fiber in critical components to reduce weight and increase structural integrity. This is particularly relevant to AR15-type rifles such as these, which tend to be front-heavy due to the use of long,

heavy, metal handguards. Barrel mass is also a consideration; in a traditional AR15-type rifle, the shooter must balance their desired muzzle velocity with the weight that will be imparted by a longer, heavy-contour steel barrel. The CA-15 series, in general, alleviates this issue by offering models with a composite barrel (button-ripped, 416R stainless steel, wrapped in Aerograde carbon fiber). The result is a target-contour barrel that weighs considerably less than shorter, all-steel barrels of the same (or even thinner) contour. These features yield a light-weight, high-precision semi-automatic rifle which is, in the case of the G2 series, available from the factory chambered in .223 Wylde, enabling the safe use of 5.56x45mm NATO and .223 Remington ammunition. All G2 rifles have a sub-MOA guarantee. Rifle features a match grade trigger (breaks at 3.5-4.5lbs), black nitride finished bolt carrier group, 7075 aluminum receiver, adjustable BCM gunfighter butt stock, slim profile aerograde carbon fiber KeyMod handguard, match-reamed barrel chamber, button-ripped 416 stainless steel barrel, threaded muzzle and flash hider. **DALLAS SAFARI CLUB THANKS EUROOPTIC LTD FOR THIS 100% DONATION.** Jonah Gregory, 570-368-3920, 635 N. Silencer Central multi-caliber Banish 30 rifle and Banish 45 HD pistol silencers are constructed from strong titanium for unmatched durability at an extremely light weight. The Banish 30 rifle silencer is the most versatile suppressor in the Banish line and works with rifles from .22 to 30 caliber magnums. The Banish 30 was designed for unmatched sound suppression with tests showing it to reduce a .308 rifle by a whopping 34+ decibels! The Banish 30 comes as a 9-inch suppressor holding eight Stifle™ baffles, yet for tighter shooting platforms or blinds, can easily break down and be assembled into a 7-inch configuration. The Banish 45 HD pistol silencer was specifically designed to fit handguns calibers from .45 ACP to

rimfire. Testing shows the Banish 45 able to suppress a 9mm pistol by an amazing 36 decibels, far more sound reduction than the competition. The Banish 45 is the lightest in its class at a mere 11 ounces. Ideal for 3-gun or target shooting, the Banish 45 will help protect the hearing of the shooter and others in a shooting competition and reduce recoil for quicker second shot target acquisition. Package includes silencer covers, NFA gun trust documentation and NFA tax stamps. Fingerprints, passport photo and paperwork will all be managed during the 2023 Convention. **DALLAS SAFARI CLUB THANKS SILENCER CENTRAL FOR THIS 100% DONATION.** Kelsey Hanson, 888-781-8778 Ext. 80, 605-370-4517, 7511 S Louise Ave., Ste 101, Sioux Falls, SD 57108, kelsey.hanson@silencercentral.com, SilencerCentral.Com

FRISIL-738 CARLSON FINE ART STUDIO***"Evening Dash" - Original Oil Painting on Belgian Linen by Wildlife Artist Cory Carlson***

"Evening Dash" - Original oil on Belgian linen by Wildlife Artist Cory Carlson, measures 23"x48" framed. "I wanted to portray the speed and agility of the pronghorn antelope set among the panoramic dusty plains. As America's fastest land animal capable of speeds of over 60 miles per hour, the pronghorn possesses the ability to outrun almost any danger. They are ever vigilant and graceful as they dash across the vast mesa lands. With their distinctive coloration, no other animal captures the essence of North American prairies like the pronghorn. So much more than something beautiful to look at, I want my paintings to take viewers on a journey, transforming how we appreciate and protect wildlife. By traveling the world and capturing rare moments in wild places, I strive to infuse a sense of life into every painting, bringing you closer to nature's extraordinary beauty" - Cory Carlson.

LMB-11 FIONA CAPSTICK

Rare African Map and 20 Original Framed Hand-Painted Engravings from the Personal Library of Peter Capstick

One of the most highly valued maps of the African Continent will dominate the Life Member Breakfast auction at DSC's 2023 Convention. It was indeed the jewel in Peter CAPSTICK's collection of African maps and is one of only 525 hand-colored maps published in 1598 in Antwerp by the famed Plantin Press. It is impossible to know how many of these maps have survived the last 425 years. The remarkable condition of this map, which is framed in archival material, indicates that it once belonged for a lengthy period to a now-unknown person of high social standing. The map was created by Abraham Ortelius of Antwerp. He produced the first true, modern atlas in 1570, of which this map was a prime feature. It was at that time the most expensive book ever produced. This rare, well-preserved map is the French edition, produced in 1598. Ortelius was also the first cartographer to speak

of 'continental drift' - the theory that the world's continents were once a single mass. Accompanying the map are twenty beautifully framed hand-colored original engravings of hunting scenes. The African Big Five feature as do other animals. These engravings were published in Bond Street, London between January and October 1813 - 209 years ago - by the famed Edward Orme, the English painter, engraver and publisher of illustrated books. Samuel Howitt, a contemporary painter, illustrator and etcher of hunting scenes, was involved in some of these engravings. All these items have been authenticated on the reverse side by Fiona Capstick. **PROCEEDS BENEFIT DSC FOUNDATION (DSCF). LMBSIL-766 AFRICAN SPORTING CREATIONS

One-of-a-Kind African Shooting Sticks

This beautiful set of African shooting sticks combines six solid brass take-down connectors that have been engraved by the artist with a decorative pattern, Rhodesian Teak shafts and hand-sewn, elephant hide tops. One of the bottom legs has a big bore quarter rib welded to it, displaying an image of a lion. The engraving is accented with sterling silver for a stunning contrast. Rhodesian Teak is the only wood to ever be declared a National treasure. While it is world-renowned for its beauty, it is very difficult to work with as it contains a lot of cross-grain and knots.

Over \$2,000 of raw lumber was hand-picked for this project and it only yielded enough for a few sets of shooting sticks. Includes a hand-sewn Cape buffalo carrying case made by the Courteney® Boot Company. **DALLAS SAFARI CLUB THANKS AFRICAN SPORTING CREATIONS FOR THIS 100% DONATION.**

SAT-3 PINE HILL PLANTATION

2-Day/2-Night Bobwhite Quail Hunt for Four Hunters in Georgia

2-day/2-night bobwhite quail hunt for four hunters in southern Georgia. Hunting parties are normally four hunters per wagon with three guides: huntmaster, dog handler and wagon driver. Experience Georgia quail hunting as it has been done on most of the private plantations for over 150 years. Pine Hill Plantation is the only quail hunting plantation that is both Beretta Trident certified and to have won Orvis' Lodge of the Year award. This hunt is available January-March 18th or October 13-December 31, 2023 only and may be upgraded to include duck at current price list. Additional hunters and non-hunters are welcome at current rates. Transportation during the hunt is by horseback or classic mule-drawn wagon. This package includes field prep, dip & pack service, hunting licenses, luxury private lodge accommodations, lunch while in the field, personal lodge staff and all other meals prepared by your own private chef. Not included are shotgun rental (if needed), ammo and gratuities. Located in deep in the heart of southern Georgia quail country, we provide an authentic experience that does justice to the history and

tradition. At Pine Hill Plantation, timeless Southern-style is alive and well. Arrival/departure point is at the lodge near Donalsonville, GA.

"White Walkers" - Original oil on Belgian linen by wildlife artist John Banovich, measures 24"Hx36"W. Giants of the North American continent, the American Bison, are the ultimate survivor. After a mass slaughter in the 19th century, their numbers were reduced to just 24 survivors in Yellowstone Park...but now they are the longest surviving free-range herd in the world. In winter, you can often find them moving stoically across the snow fields with their coat caked in frozen snow. Their large bodies move with confidence and purpose as they forage along the way. Perfectly adapted to withstand the harshest of winters, they remind me of the "White Walkers" in the award winning television series 'Game of Thrones' as they possess a formidable presence when a large group is headed your way.

SAT-15 HEYM USA

DSC's 2023 Convention Rifle - Heym USA Big Five Leopard Bolt Action in .375 H&H

Commissioned exclusively for DSC's 2023 Convention, this one-of-a-kind bolt action rifle is chambered in the venerable 375 H&H and represents the pinnacle of the gunmaker's craft. Made entirely in-house by HEYM in Germany, it is the finest rifle ever auctioned by DSC and embodies almost 160-years of HEYM's gun-making experience. The magnum Mauser action is machined from a solid billet of steel and provides the ultimate in strength and reliability. The feed rails and magazine box are designed with the perfect geometry to hold five rounds (4+1) of .375 and ensure 100 percent feeding and reliability. The three-position safety allows for safe loading and unloading of the rifle, and it is designed to accommodate the low mounting of the included Swarovski Z8i 1.7-13x42 scope. With the action's integral scope bases machined into the double square bridges, the scope is easily removed and allows quick access to the Barrel-banded front and rear sights, providing the ultimate combination for dangerous game. Engraved entirely by hand, the gold inlaid leopard on the magazine is the focal point of the rifle and contrasts beautifully with the bone-and-charcoal case colors. Fine English scroll and gold wire inlay complete the ensemble with accents on the action, barrel and grip cap. **Chris Sells, 214-606-2566, info@heymusa.com, HeymUSA.Com.**

SAT-16 ALBERTA PROFESSIONAL OUTFITTERS SOCIETY

Alberta Minister's Special License for Shiras or Western Canadian Moose

The Purchaser of this license will be authorized to hunt one (1) antlered moose anytime between September 1, 2023-August 31, 2024. This license is valid in Alberta only in any Wildlife Management Unit where moose hunting season is identified in the 2023 Alberta Guide to Hunting Regulations. This license does not authorize hunting in any location where hunting is prohibited as outlined in the Wildlife Regulation and Alberta Guide to Hunting Regulations. Hunting in the following WMUs may be considered on a case-by-case basis: 1) WMUs 728 and 730 Canadian Forces Base (CFB Wainwright); 2) WMU 732 (CFB Suffield); 3) WMU 726 (CFB Cold Lake); and 4) WMU 624 (Cypress Hills). The successful bidder can contact the Alberta Professional Outfitters Society (APOS) for the appropriate contact for requesting hunt access to these WMUs. Funds derived from the sale of this license will be used to support Alberta's understanding of its wildlife resources and building up foundational management data through various wildlife efforts. **LICENSE CONDITIONS:** The license cannot be resold or transferred.

The buyer can be an Alberta resident, a non-resident, or non-resident alien. If the license holder is a non-resident or non-resident alien, they will be required to hire a licensed Alberta outfitter and be accompanied by a designated guide. To find an outfitter, the purchaser should visit the APOS website at apos.ag.ca. The cost for hiring the outfitter is not included in the sale price of the license. NOTE: 10% buyer's premium will be added to the final bid price of this special license, which will be dedicated to the Dallas Safari Club (DSC). If the winner of this item refuses to pay the premium required, the license shall be offered to the next highest bidder for the price they bid. The brush strokes on this large portrait of an old Cape Buffalo are so delicate and the details so polished, that one could imagine the animal emerging from the painting. Stephan Alsac is a self-taught French artist who acquired this amazing technique by taking inspiration from master French portrait artists and quickly became one of the leading wildlife painters in France and throughout Europe. For inspiration, Alsac travels regularly to the heart of Africa to study the dramaturgy and raw beauty of the wild continent to forever capture the wildlife that moves him on large canvases. **DALLAS SAFARI CLUB THANKS STEPHAN ALSAC FINE ART FOR THIS 100% DONATION.** Stephan Alsac, 011 33 63 031 0470, 38 Avenue Leo Lagrange, Le Bouscat, Nouvelle Aquitaine 33110, FRANCE, stephane.alsac@gmail.com, Stephane-Alsac.Com.

SIL-314 KENETREK BOOTS

\$300 Certificate for Kenetrek Corrie II Hikers

When our customers asked for a "Serious Light Hiker", we delivered with the Corrie II. Some folks hear the words, "Light Hiker" and envision a slip-on shoe for a short trail walk but they couldn't be more wrong. The Corrie Hiker is built for the long, arduous haul, yet weighs only 3.2 lbs. a pair and feels like a second skin when it comes to agility and control. The word "Corrie" aptly means, "a half-open steep-sided hollow on a mountainside," which is where this boot excels with its light and grippy Grappon outsoles, and the added K-Straps tie at the base of the heel to the 7-inch, double and triple stitched, padded upper, keeps you in complete comfort and control wherever you go. Add our waterproof breathable Windtex membrane, 5mm full-length nylon midsole, and reinforced toe/heel atop our Kenetrek Supportive Footbed, and this "Light Hiker" becomes serious real fast. Available in men's medium and wide sizes; also available in black. Made in Europe. **DALLAS SAFARI CLUB THANKS KENETREK BOOTS FOR THIS 100% DONATION.** Jim Winjum, 406-556-5780, 406-580-4562, Fax 406-585-5548, 96 Northstar Lane, Bozeman, MT 59718, jim.w@kenetrek.com, Kenetrek.Com.

SIL-401 SCHNEE'S

Schnee's Men's Hunter/Outfitter Pull-On and Timberline Boots

Schnee's men's Hunter/Outfitter Pull-On and Timberline boots. For years we were asked by our customers for a pull-on, cold weather boot. After a bunch of design work and testing, we created the Hunter/Outfitter Pull-On. We included most of the features you have come to love in our Outfitter II pac boot, in an easy pull-on design. Uppers are made from the finest American oil tanned leathers and our hand-made removable quilted liners provide ample warmth. We import only the world's finest hand-laid vulcanized bottoms for unsurpassed strength, durability and comfort. Possibly the best cold weather chore boot around, and we think you'll agree. The Pull-On features a tire tread outsole, 6oz oil tanned top grain leather, removable 400g liner, comfort rated 0°F Inactive to -20°F Active and rebuildable 13" height. Handcrafted in Bozeman, MT with domestic and imported materials. The Timberline was built to dominate light & fast adventures in the early

season. When we set out to build the Timberline, we started with many of the core features of our Beartooth boot, but dialed back the rigidity for a smoother and more flexible ride. This made for a very comfortable boot, some folks say feels as comfortable as their running shoes. But make no mistake, the Timberline is an extremely capable boot. From desert coues deer to backcountry bulls, the Timberline will handle whatever you throw at it. The Timberline features 100% waterproof Sympatex™ membrane, Flex-1 Chassis, 8" height, dual-density 100% poly midsole, Un-insulated Vibram™ Circuma™ outsole and 2.3 mm top grain leather upper. Handcrafted in Italy. Both are available in men's sizes 7-14. **DALLAS SAFARI CLUB**

SIL-417 EUROOPTIC LTD

Armalite M15 5.56 Defensive Sporting 14.5" Pinned and Welded Rifle

The Armalite M-15 5.56 Defensive Sporting rifle with 14.5" barrel and pinned & welded flash hider, is one of the most classic and versatile rifles ever produced by Armalite. This no-frills, ultra-utilitarian AR-platform is an excellent choice for applications that call for a gun with compact overall length, yet still retains close quarters accuracy.

Flat-top Picatinny rails are located on the receiver and gas block, allowing for the installation of sights, scopes, optics and accessories. Its tactical 2-stage trigger has a first stage of 3.5lbs and a second stage set to approximately 5-6lbs. The carbine-length handguard and gas tube are designed by Armalite and provide an ideal gas pulse to cycle the action, ensuring reliability. Rifle features a flat-top picatinny rail on receiver/gas block, 14.5" barrel with pinned and welded A2 flash hider, 30rd detachable magazine, mil-spec 2-stage trigger and carbine-length handguard.

SIL-418 SILENCER CENTRAL

Silencer Central Multi-Caliber Banish 30 Rifle Silencer and Multi-Caliber Banish 45 Pistol Silencer

Silencer Central multi-caliber Banish 30 rifle and Banish 45 HD pistol silencers are constructed from strong titanium for unmatched durability at an extremely light weight. The Banish 30 rifle silencer is the most versatile suppressor in the Banish line and works with rifles from .22 to 30 caliber magnums. The Banish 30 was designed for unmatched sound suppression with tests showing it to reduce a .308 rifle by a whopping 34+ decibels! The Banish 30 comes as a 9-inch suppressor holding eight Stifle™ baffles, yet for tighter shooting platforms or blinds, can easily break down and be assembled into a 7-inch configuration. The Banish 45 HD pistol silencer was specifically designed to fit handguns calibers from .45 ACP to rimfire. Testing shows the Banish 45 able to suppress a 9mm pistol by an amazing 36 decibels, far more sound reduction than the competition. The Banish 45 is the lightest in its class at a mere 11 ounces. Ideal for 3-gun or target shooting, the Banish 45 will help protect the hearing of the shooter and others in a shooting competition and reduce recoil for quicker second shot target acquisition. Package includes silencer covers, NFA gun trust documentation and NFA tax stamps. Fingerprints, passport photo and paperwork will all be managed during the 2023 Convention. **DALLAS SAFARI CLUB THANKS SILENCER CENTRAL FOR THIS 100% DONATION.** Kelsey Hanson, 888-781-8778 Ext. 80, 605-370-4517, 7511 S Louise Ave., Ste 101, Sioux Falls, SD 57108, kelsey.hanson@silencercentral.com, SilencerCentral.Com.

BOOTH #751 Valued at \$5,300**SIL-436 RIVER PLATE OUTFITTERS****4 1/2-Day Peacock Bass Fishing Trip for Two Anglers in Manaus, Brazil**

4 1/2-day 2x1 Peacock bass fishing trip for two anglers in Brazil aboard River Plate Outfitter's 'Fly-In Floating Cabins'. These unique floating suites are the ultimate solution for optimizing shallow drafting mobility, while allowing anglers to fish the wild and exotic Amazon River in style, comfort and luxury. Undependable water levels and over-fishing are chronic problems for fixed-base operations. These land-locked lodges are unable to move far enough away from their central location to seek out optimal water levels or to reach unfished waters.

However, River Plate's "River Train" of floating suites can move on a daily basis to access unfished river segments and stay overnight along Caribbean-like white sand beaches. This trip is available November 2023-February 2024 or during the same period the following year and may be upgraded to include additional anglers at \$4,990. Package includes guide service, RT transfers between Manaus and camp, double-occupancy ensuite accommodations, meals, full bar (wine, beer and liquor), daily laundry and maid service, fishing licenses, local transfers and arrival night hotel accommodations. Not included are international airfare, Brazilian visas, gratuities, food/beverage in Manaus, any transfers or hotel accommodation outside of the group's travel, airport departure tax and satellite phone calls. **DALLAS SAFARI CLUB THANKS RIVER PLATE OUTFITTERS FOR THIS 100% DONATION.** Nicolas Platero, 011 598 2604 4305, 011 598 9449 6028, Evangelio Bonilla 6553, Motevideo 11500, URUGUAY, nico@riverplateoutfitters.com, RiverPlateOutfitters.Com.

Not included are alcohol, taxes, guns, ammo, gratuities, service fee, dip & pack service, transportation to shipper and Texas hunting license. Hunt may be upgraded to include additional species, days, hunters and non-hunters, all at current price list. For over 20 years, Greystone Castle has been considered one of the elite destinations in the sporting world. In fact, their name has become synonymous with quality in the hunting industry. What's both unique and compelling about Greystone is that it can be so many things to so many different sportsmen. To the upland gunner, large fields of sorghum, millet and switch grass bring memories of great gun dogs, flushing pheasants, bobwhite covey rises, and days in the field with friends. For the big game hunter, it's 6,000 acres that offer some of the best whitetail hunting in the country and over 30 species of exotic game. For the clay shooter, it's the great sporting clays, wobble deck and pyramid 5-stand courses that will test the best of shooters. And for the avid angler, their trophy bass lakes present year-round opportunities for tight lines on largemouth and hybrid stripers. What appeals to all visitors at Greystone are its top-of-the-line accommodations and gourmet meals. There are five elegantly decorated suites capable of hosting more than 30 guests, a dining room complete with a full-time executive chef, spacious conference facilities, a swimming pool with hot tub, and just outside the castle walls, a scenic lookout affords a breathtaking vista of the entire estate. The ownership and staff have been dedicated to creating one of the finest sporting destinations found anywhere in the world. Long-term habitat improvement and wildlife management has made Greystone an extraordinary hunting destination. This coupled with the unique castle facility and outstanding customer service makes Greystone Castle a place without equal. **DALLAS SAFARI CLUB THANKS GREYSTONE CASTLE SPORTING CLUB FOR THIS 100% DONATION.** Jennifer Miller, 800-399-3006, PO Box 158, Mingus, TX 76463, jmiller@greystonecastle.com, GreystoneCastle.Com.

I like open narrative where the viewer can make up his or her own mind about what's happening or what's going to happen. The two hunters are from yesteryear but does not necessarily represent a specific place or time. They could well have been hunting the elephant (my view) or they may have been hunting game for food and unexpectedly came across the elephant. But the open question we all wonder is how did it all play out? Coming across an agitated elephant in thick bush can be one of the most thrilling and exhilarating experiences anyone can have." - Dawie Fourie. **DALLAS SAFARI CLUB THANKS DAWIE FOURIE ARTS FOR THIS 100% DONATION.** Dawie Fourie, 011 27 82 332 5641, PO Box 1010, Komatipoort, Mpumalanga 1340, SOUTH AFRICA, dawiefouriearts@gmail.com, SouthAfricanArtists.Com.

"Unleash The Fury" - Drive and Shoot the Sherman Tank

Drive the "Cobra King" Sherman and shoot one round from the "Easy Eva", Sherman's 76mm gun, along with 20 rounds from it's M2 .50 BMG machine gun. Imagine yourself driving our WWII Sherman Tank through our specially developed tank course that meanders its way around some of the most picturesque scenery the Texas Hill Country has to offer. Navigate the challenging war zone course with anti-tank obstacles, drop offs and a crystal clear spring fed creek fording in the middle of an amazing 18,000-acre exotic game ranch called Ox Ranch. Maneuver your way to our scenic tank range, where you will unleash the concussive power of the Sherman's 76mm main gun as it hurls its 14-lb. projectile down range, just as it would have done on the European battlefields of WWII. If that's not enough of being a part of a living history adventure, you can then defend your position from the top of the Sherman and experience what the M2 .50 caliber machine gun felt like for War Daddy, as he attempted to hold off an advancing Nazi SS Battalion in the block buster movie "Fury". **DALLAS SAFARI CLUB THANKS OX RANCH / DRIVETANKS.COM FOR THIS 100% DONATION.** Jason Molitor, 830-275-4692, 830-931-5269, 1946 Private Road 2485, Uvalde, TX 78801,

SIL-509 RIVER PLATE OUTFITTERS

4 1/2-Day Peacock Bass Fishing Trip for Two Anglers in Manaus, Brazil

4 1/2-day 2x1 Peacock bass fishing trip for two anglers in Brazil aboard River Plate Outfitter's 'Fly-In Floating Cabins'. These unique floating suites are the ultimate solution for optimizing shallow drafting mobility, while allowing anglers to fish the wild and exotic Amazon River in style, comfort and luxury. Undependable water levels and over-fishing are chronic problems for fixed-base operations. These land-locked lodges are unable to move far enough away from their central location to seek out optimal water levels or to reach unfished waters. However, River Plate's "River Train" of floating suites can move on a daily basis to access unfished river segments and stay overnight along Caribbean-like white sand beaches. This trip is available

November 2023-February 2024 or during the same period the following year and may be upgraded to include additional anglers at \$4,990. Package includes guide service, RT transfers between Manaus and camp, double-occupancy ensuite accommodations, meals, full bar (wine, beer and liquor), daily laundry/maid service, fishing licenses, local transfers and arrival night hotel accommodations. Not included are international airfare, Brazilian visas, gratuities, food/beverage in Manaus, any transfers or hotel accommodation outside of the group's travel, airport departure tax and satellite phone calls. **DALLAS SAFARI CLUB THANKS RIVER PLATE OUTFITTERS FOR THIS 100% DONATION.** Nicolas Platero, 011 598 2604 4305, 011 598 9449 6028, Evangelio Bonilla 6553, Motevideo 11500, URUGUAY, nico@riverplateoutfitters.com, RiverPlateOutfitters.Com.

**DREAM RAFFLE-12 BAKCOU*****Bakcou Mule E-Bike with Folding Deer Trailer***

Bakcou Mule E-Bike in matte black with 19.2 battery. This beast was built to pack like a mule with the suspension and gearing to get you there fast. On a quick trail ride or a week in the backcountry, the Mule fat tire electric bike can handle anything you throw at it. The Mule was designed and engineered around the unparalleled power and performance of Bafangs ULTRA mid-drive motor. The Ultra motor is widely recognized as the "diesel engine" of fat tire electric bike mid-drive motors! The Ultra motor is also referred to as a "smart motor." The speed, cadence, shift, brake and torque sensors provide continuous feedback from the rider to the motor. Because of these sensors, the motor can deliver exactly what you ask. What you get is a very natural feeling ride, even while providing a tremendous amount of torque and power output. Also included is a folding deer trailer, which quickly attaches or releases from the rear axle of bike. The folding trailer comes with the required hitch and 3/8 10mm bolt needed to attach your E-Bike and axle extenders to change the wheel base of your trailer.

DALLAS SAFARI CLUB THANKS BAKCOU FOR THIS 100% DONATION. Teri Child, 844-227-1096, 801-628-9206, 2840 Wadman Dr., Ogden, UT 84401, teri@bakcou.com, Bakcou.Com.

DSC FOUNDATION & FRONTLINE RAFFLES**FOUNDATION RAFFLE****WEATHERBY, INC. / LEICA SPORT OPTICS*****Weatherby Mark V Backcountry 2.0Ti Rifle, Leica PRS Riflescope, Leica Geovid Binoculars and More!***

Weatherby Mark V Backcountry 2.0 Ti rifle chambered in .338 WBY RPM was built around the supremely lightweight and strong titanium Weatherby® Mark V® action, but now in a shorter 18" barrel.

Accompanied by Weatherby's new release of our 16th cartridge, the 338 WBY RPM and fitted with Weatherby's highly effective Accubrake® ST, the 20" brake is blended to match the profile of the muzzle. With 30 symmetrically-spaced ports that help harness the recoil, it tames even magnum chamberings and makes them pleasant to shoot. The rifle comes set up and ready to shoot with Leica's PRS 5-30x56i riflescope. With 30x magnification and 6-time zoom for long range shots over a mile, this riflescope was meant for anyone looking to gain more reach. With approx. 320 clicks of 0.1 mil, the target turret gives enough travel for the most calibers and the relevant distances. The PRS series offers zeroing of the turrets with no extra tools via lift lever and give you 32 mrad total adjustment range. Also included is Leica's Geovid Pro 32 10x32 with 32mm objective lens measuring precisely to a true 2,500 yards even on non-reflective targets. Industry leading optical quality and a slim design, give the new Geovid Pro 32 ballistic precision on targets in an extremely robust, ergonomic design. This package comes set up by the FTW with truing, SAAM Range Card and includes a bi-pod, cheek pad and 10 boxes of ammo. **DSC FOUNDATION THANKS WEATHERBY, INC. PROCEDURES FOR THE AUCTIONS

When bidding from the floor, raise your hand, napkin, or if necessary, stand to get the attention of the auctioneer or one of his staff. The auctioneer and his staff are responsible for the auction. Their rules must be followed explicitly. All decisions of the auctioneer will be final. All high bidders are responsible for payment of the auction items according to the payment terms as set forth herein. The auctioneer will decide any disputes regarding the bids during the live auctions. Unless otherwise noted, hunts and trips are for the 2023 season. Special arrangements other than as set forth in the auction listing, are expressly between the donor and bidder. Some non-hunt donations may require delivery and installation at your expense.

AUCTION RECOMMENDATIONS:

1. Read the description of each item carefully from the auction list prior to the auction. The auctioneer will not read or review the full description for each item.
2. Ask questions ahead of time, talk to the donor, and visit the Professional Hunter Association booths located in KBHCC. DSC **STRONGLY** encourages bidders to buy trips from donors who are members in good standing with their local, regional, or national professional hunting association.
3. Donated hunts/trips may include additional expenses not listed in the description including, but not limited to: Travel expenses to/from the destination, alcoholic beverages, trophy dipping/packaging/shipping, gratuities, govt.-imposed value added tax (VAT) and hotel/meals before/after the hunt.

PAYMENT TERMS

1. After the winning bidder has been confirmed, a DSC "runner" will immediately deliver a winner/buyer form to the winner for processing. The form must be filled out in its entirety and signed by the bidder.
2. Payment will be required immediately, unless prior arrangements have been made. Acceptable forms of payment are cash, credit card (MasterCard, Visa, Diners, Discover and American Express), or check (only if prior arrangements have been made) and will be collected by the DSC "runner."
3. All bidders must be current from any previous year's auction.
4. Any variances from the payment guidelines stated above must be approved in writing by the DSC President or Chief Executive Officer.
5. DSC Foundation (DSCF) and DSC Frontline (FRONTLINE) have separate credit card capabilities.

DISCLAIMER OF LIABILITY

GOODS: All goods in the live auctions, silent auctions and raffles have been acquired or obtained from third parties. The high bidder acknowledges that the goods have not been inspected by DSC, DSCF or FRONTLINE and is advised, in the case of firearms, knives, bullets or other weapons to secure a competent inspection and test of the goods before use. **GOODS ARE SOLD "AS IS" WITH ALL FAULTS AND DEFECTS, AND WITHOUT ANY EXPRESS OR IMPLIED WARRANTY ON THE PART OF DSC, DSCF AND FRONTLINE. DSC, DSCF AND FRONTLINE MAKE NO WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY, AND EXPRESSLY DISCLAIM THE SAME.** DSC, DSCF, FRONTLINE do not accept any responsibility or liability for any product, design, or use. Any written warranties with respect to the goods delivered to the purchaser are those solely of the manufacturer or their agents and shall be the sole liability and responsibility of the manufacturer. All firearms obtained for this event will be transferred in accordance with federal, state, and local regulations. **SERVICES:** All services (hunts or otherwise) in the live auctions, silent auctions and raffles have been acquired from and are to

be furnished by third parties and contain the same reservation set forth under "GOODS" above. **SERVICES ARE SOLD "AS IS" WITH ALL FAULTS AND DEFECTS, AND WITHOUT ANY EXPRESS OR IMPLIED WARRANTY ON THE PART OF DSC, DSCF AND FRONTLINE. DSC, DSCF AND FRONTLINE MAKE NO WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY, AND EXPRESSLY DISCLAIMS THE SAME.** No services are to be or will be performed by DSC, DSCF or FRONTLINE and neither entity shall bear no responsibility for the delivery or quality of any of the services or for any loss or damages arising from or related to or connected with the performance or non-performance of such services. The high bidder further acknowledges that in the event services are purchased, DSC, DSCF and FRONTLINE cannot be responsible for or liable for any political unrest, pandemic, instability, travel restrictions, lockdowns and quarantine requirements that may occur inside or outside the confines of the United States, nor can DSC, DSCF or FRONTLINE be accountable for any injuries or damages that may arise there from. The high bidder further acknowledges that his/her purchase is final and non-refundable under any and all circumstances, and that should legal action be required to collect for the services acquired by the high bidder at the auction, DSC, DSCF and FRONTLINE shall be entitled to all reasonable attorney's fees, cost of court and interest as provided by law.

CHARITABLE DEDUCTION QUALIFICATIONS

- DSC is a 501(c)(4) non-profit organization and not listed as a charitable organization under the United States Internal Revenue Code. Therefore, in accordance with IRS regulations, no payments or donations made to the Dallas Safari Club for auction items would be tax deductible.
- DSCF is a qualified charitable organization under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Donations to DSCF are deductible under Section 170(c) of the Internal Revenue Code. Consult your tax professional for deductibility of amounts paid for auction purchases.
- FRONTLINE is a qualified charitable organization under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Donations to FRONTLINE are deductible under Section 170(c) of the Internal Revenue Code. Consult your tax professional for deductibility of amounts paid for auction purchases.

AUCTION CREDIT POLICY

Disputes regarding auction items purchased during the DSC Convention, or at any other time, shall be submitted to the DSC Board in writing and shall detail the basis for the dispute and the grounds supporting a refund. The DSC Board may, in its sole and absolute discretion, approve an auction credit for the amount paid, deny relief, or, in extraordinary circumstances, approve a refund of the amount paid. Without limitation, credits or refunds will not be given if the auction winner is unable to utilize the purchased item in the time described in the auction description due to illness, work conflicts, personal or family conflicts or death(s), travel delays or cancellations or any other similar matters affecting the auction buyer that are outside of the control of DSC, DSCF or FRONTLINE. DSC, DSCF and FRONTLINE auction credit policy will not apply to any auction item for which the Donor and Buyer alter or vary the terms set forth for the item in the auction catalog or any other description of the auction item prepared and/or disseminated by DSC. If a refund or credit is approved by the DSC Board for any auction item, the proceeds of which are to be paid to or split with any third-party beneficiary, the refund or credit will not exceed the net amount allocable to DSC, DSCF or FRONTLINE for such item. All credit or refund decisions are within the sole discretion of the DSC Board and all Board decisions are final.
